Subject: for Roger

Dear Mingda: Thank you for being the middle man and forwarding messages to Roger.

Hello Roger - Received a call from Covance today, Brigitte said they require more time for submission due to sub-contractual relations with various analytical labs. She said hopefully by next week they would have something put together.

Also, in your emails you have a lot of critical working relationship responses. Would you like for me to forward those to you?

Enjoy.

Rebecca
